Subject: RE: Automating DSSTox Data Refresh

Like, Mike, optional is fine. Thanks!

Subject: Fwd: Automating DSSTox Data Refresh

Hi Dale,

As we discussed, I sent a email to Tony seeing if he still concurred with the automated pipeline to refresh DSSTox data and who should be involved in the discussions. This was the response I got back. No one was added to the email this time around.

If you wish to be involved, please let me know. I think Amar wanted to be included when [Ex. 5 Personal Privacy (PP)] was added to an invite, but I defer to you on how you want me to approach it.

Thanks.

Subject: Automating DSSTox Data Refresh

Hi Tony,

I hope you had a nice weekend. ***[AJW>] Good thanks...moving from Wake Forest to Cary so I can be a few minutes from work***

After the holidays, I am hoping to start some conversations with you about automating the refresh of the DSSTox data into the Data Hub.

[AJW>] Ok, sounds good to me

I just wanted to make sure that you were still onboard with this idea before we discussed this in more detail.

[AJW>] I'm not sure what you mean by automating per se...but let's discuss

Also wasn't sure who you wanted to be part of those discussions, if you still agreed that we need to do this.

[AJW>] I suggest Dan, Todd, Nisha and Ann Richard (as she is with us until March) and Mike Devito as an optional attendee. Thanks.

Thanks Tony.
